The facilities around Fremantle Boat Harbour include excellent shopping and some of the best restaurants in the area making it the perfect location for your Riviera 5800 Sport Yacht.

Our program ensures equality of access to the boat for all owners. Equity ownership ensures a duty of care and pride of ownership in your boat. Our services to you include fresh linen onboard as well as beach towels and bath towels. We look after all servicing, maintenance, antifouling, detailing and day-to-day operation of your boat. We also include a personalised three day training program for you.

## THE PROGRAM

Riviera Syndication is about convenience and relaxation. Each owner is allocated 33 days per year (plus stand-by days) use of their boat via an online booking system. This allows owners the flexibility to choose when you use your boat and has been designed to allow all owners an equal share of popular times. The syndicate operates for a period of three years at which time the boat is sold with each owner receiving their share of the proceeds. The ownership program ensures that your boat is treated with care.

## FREMANTLE BOAT HARBOUR MARINA

To enhance the experience of owning a new Riviera 5800 Sport Yacht with Riviera Syndication, we have chosen Fremantle Boat Harbour Marina as its home port. The minute you get aboard your relaxation begins. The relaxed atmosphere of the region with its many restaurants is first class. The ocean and river offer the option of exploring places like Rottnest Island, Geographe Bay or the North West and the many local islands. Step aboard, stow your gear, start your engines and go. When you return, tie-up, turn your engines off and go home. We take care of the rest.

## TESTIMONIAL

My business partner and I had been talking about getting a boat for a number of years but was always met with the comments of "you do know they are a lot of work to look after" or "you know the best boat is somebody else's" or "do you have a mooring" which always stopped us from taking that final step of investing into a boat. It was a chance meeting with Sharon Russell at the Sydney Boat Show in 2009 that allowed us to find that you can enjoy a boat without all the hassles and costs associated with outright ownership. Furthermore, with the technology that was now available in the larger boats, maneuvering these 50 plus footers was so simple. So simple in fact that I mastered the Riviera 5000 before I had even mastered the tender that belonged to it. This is particularly significant as I had no real prior experience skipping any type of boat.

In plain English, becoming a shareholder in a Riviera Syndication boat has allowed us to enjoy all the benefits of owning a boat without any of the hassle. Friends are always curious as to how it works and I use the analogy of "it's like a cross between a hire car and a hotel room". You arrive and everything is ready to go. Just bring your food, clothes, drinks, friends and or family and enjoy. When you come back, tidy up, take your personal belongings with you including any rubbish from your time out and lock up. It's that simple. If you have ever considered investing into a boat, a Riviera Syndication boat is the best by far. Not only is the hassle taken out but as you are one of a number of shareholders you get into a boat far bigger than you may otherwise have done if purchasing it by yourself.
